- iv) Digital Marketing
- v) Knowledge Engineering
- vi) Power Bi
- vii) R Programmins
- viii) Web Development

ix) Web Development with Python etc. will be offered to the willing Students of the First Party for enhancing employability as and when needed mutually agreed upon.

Internship Purpose Fulfilling

This MoU between P.N.Das College and A Technologies will outline the collaboration to facilitate training for internships in the topics as mentioned above to provide with project reports and certificates for all the students enrolled for internship of the West Bengal State University. The Second Party will arrange for job oriented training/live projects with its partner companies for the students of the First Party as required for the University of Calcutta for its CSR.

Validity Period

This MoU is valid for four years from the date of its first signing. Any party may exist from the MoU with a written notice of at least three months in advance.

Financial Liabilities

The Second party may collect fees from the students of the First Party. However, the amount of fees and mode of collection should be mutually agreed upon by both the parties in writings at least three months in advance. The amount of fees may be varied with the courses and their duration.

Modality

The internship/add-on courses may be both in-persons and online modes. Both the parties will provide requisite infrastructure like classrooms, computers, internet facilities, as and when required. The resource persons/trainers will be provided by the Second Party. The Second Party will arrange for industrial visit for doing live project and writing project reports as required for fulfilling internship criteria for the students of the First Party.

However, both the parties will have at least one designated staff/person each to provide and store data and information of enrollment, completion of internship/add-on course and issuing certificates.
