Best Practice

Title of the Practice: **Student Profile**

Mapping Objectives:

To determine the abilities of students in an objective and quantifiable manner and identify the slow and advanced learners so that appropriate support can be provided by the institution.

The Context:

Students often face diverse challenges with respect to their skill attributes: while some may belong to economically backward families and have access to limited resources; some may be intellectually bright or slow irrespective of their economic status; others may have different skills, emotions and behaviour. A systematic assessment of these attributes of the students may help in providing an insight into their strengths and weaknesses. The profile mapping exercise enables the institution to hone the students' strengths and overcome their weaknesses.

The Practice:

- Students need to login with their login ID and password and answer an online questionnaire.
- Scores on 'General Quotient (GQ)' and 'Empowerment Quotient (EQ)' are calculated on the basis of the answers provided. The General Quotient comprises of Academic score, Intelligence score and Knowledge score. The Empowerment Quotient assesses different types of abilities. It also makes a comparison of the particular student in comparison with his/her peer group. Finally, a weighted average of GQ and EQ gives the final score, which represents the capability of the student.

Evidence of success:

- The manual method of psychometry test or profile mapping is too engaging and time consuming, whereas the online mapping is fast, accurate and error-free.
- Marks obtained in class/internal tests are not always reflective of the students' ability; external factors may affect their time spent on studies, understanding of the subject and answer writing skills. However, online mapping appraises their innate capabilities.
- Often, teachers depend on students' class performance or behaviour to gauge their level of knowledge or aptitude. However, this method is suitable only for articulate students. Online mapping is equally effective for shy and introvert students.
- The teachers assert that their assessment about the students matches with the profile mapping results, which confirms to the authenticity of the mapping mechanism.

Problems Encountered and Resources Required:

- The major problem pertains to availability of internet facilities in college. The existing computer infrastructure is inadequate so that online profile mapping takes longer than usual time.
- The students, mostly from poor families have limited access to high-speed data connection.
- Often the students are unable to understand the questions, and so need the guidance of teachers for filling the questionnaire.
- The resources required are competent software developer to implement the entire idea of online profile mapping alongwith adequate computer infrastructure.

- Q-15 • Q-30

In our life we often fail to do a given task. In situations of such failure, generally how do you feel?

- I have failed because of my inability.
- I have failed because nobody helped me or guided me to do the work.
- I have failed because not enough time was given that was necessary to do the work.
- I have failed because, I have not put the right effort that is necessary for the task.

Backend Login

The screenshot shows the login interface for the Administrator Panel. On the left, there is a sidebar with the college logo and the text: "OUR VISION: The Vision of the institute is to achieve excellence while remaining faithful to its commitment to the empowerment of the weaker sections of the society through knowledge that equips and enlightens." Below this is "CONNECT WITH US:" with the email "pndc.principal11@gmail.com". The main content area has the college name and "Student Profile Mapping System". It features a "Welcome to Administrator Panel" message and a login form with fields for "Username: *" and "Password: *", both with asterisks indicating they are required. A small note below the fields says "* Indicates a required field." and there is an "Enter" button.

Report Processor

The screenshot shows the "Report Processor" page. The sidebar on the left has an "Action:" section with two options: "REPORT Processor" and "Logout". The main content area has the college name and "Student Profile Mapping System". It features a "Report Processor" section with two input fields: "*Enter Session:" and "*Semester:" (a dropdown menu). Below these fields is a green "PROCEED" button.
